FITNESS LAB OPTIONS – SPORTIME STRENGTH AND CARDIO EQUIPMENT

Would you like to include a professional-grade fitness center or exercise learning lab in your PEP Grant application? If so, Sportime can help you with design, budget, assessment and curriculum assistance.

Give us the size of the room(s) you are working with, and we'll design your room to optimize your space and equipment. Experienced CAD designers will put your vision to paper, ready for planning and PEP Grant applications.

The Sportime Strength Line is affordable thanks to direct-from-the-factory pricing.
